

2018 International Conference on Energy, Electrical and Power Engineering

June 15-18, 2018

Seoul, Korea

Topics

Advanced Power Semiconductors
Analogue and Digital Signal Processing
Biomedical Engineering
Communication Systems
Computation Intelligence in Electrical Engineering
Computer and AI Applications in Power Industry
Control Science and Control Engineering
Control Theory and Application
Diagnosis and Sensing Systems
Distributed Generation, Fuel Cells and Renewable Energy Systems
Electric Drivers and Application
Electric Vehicle Technologies
Electrical Machinery and Electrical Apparatus
Electrical Machines, Power Electronics and Industry Applications

[More](#)

Submission Way

please submit your full paper at:

ceepe@saise.org

before April 20th, 2018

Introduction

Power Engineering is one of the earliest fields that has developed within Electrical Engineering. It deals with generation, transmission and distribution of electric power. Power engineers also work on a variety of power devices and on power conversion (the process of transforming power from one form into another, as in electromechanical or electrochemical processes).

The aim of CEEPE 2018 is to present the latest research and results of scientists related to Energy, Electrical and Power Engineering topics. This conference provides opportunities for the different areas delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. We hope that the conference results constituted significant contribution to the knowledge in these up to date scientific field.

Publication

All submissions will be peer reviewed by 2-3 reviewers. The registered and presented papers will be published into Journal of Physics: Conference Series (JPCS) (Online ISSN: 1742-6596; Print ISSN: 1742-6588), which is indexed by **Ei Compindex**, **Scopus**, Thomson Reuters (WoS), Inspec, et al.

Special Issue

Selected paper will be recommended to published in International Journal of Smart Grid and Clean Energy (IJSGCE) (ISSN: 2315-4462). Indexed in Scopus, EI (INSPEC, IET), DOAJ, Ulrich's Periodicals Directory, Google Scholar, Crossref, etc.
